

# Technical Data Sheet

**Product name** Strawberry compound  
**Number and packaging** 108178 1 kg Plastic bottle

## 1. Description

Red liquid compound with a rich taste of strawberries.

| Dietary information |    |                          |     |
|---------------------|----|--------------------------|-----|
| Halal certified     | No | Palm free                | No  |
| Kosher certified    | No | Suitable for vegetarians | Yes |
| Organic certified   | No | Suitable for vegans      | Yes |

## 2. Technical specification

- Colour: Red
- Density: App. 1.2 g/ml (20°C)
- Brix: 46-51 % (by digital refractometer 20°C)
- pH: 3.2-3.7

## 3. Dosage

Add in limited quantity according to regulation (EC) No 1333/2008 and No 1334/2008.

## 4. Ingredients and labelling instructions

Glucose syrup, water, strawberry concentrate (16%), flavouring, colour (E 124), acidity regulator (E 330), preservative (E 202), thickener (E 412), stabiliser (E 415).

E 124: May have an adverse effect on activity and attention in children.

## 5. Nutritional data per 100g

| Energy               | 843 kJ/ 199 kcal |
|----------------------|------------------|
| Fat                  | 0 g              |
| hereof saturated fat | 0 g              |
| Carbohydrate         | 46 g             |
| hereof sugar         | 17 g             |
| Protein              | 1.2 g            |
| Salt                 | 0.04 g           |
| Alcohol              | 0 %              |

## 6. Storage and Shelf Life

Shelf life is 1 year from production date, when stored ambient at max 25°C in unopened packaging.

## 7. Microbiological specification

| Microorganism                       | Limits | Unit  | Method         |
|-------------------------------------|--------|-------|----------------|
| Total Aerobic microbial count 20 °C | ≤5 000 | CFU/g | NMKL 86, 2006  |
| Yeast/Mould                         | ≤100   | CFU/g | NMKL 98, 2005  |
| E. Coli                             | ≤10    | CFU/g | NMKL 125, 2005 |

## 8. Allergy information

| Ingredients according to EU Directive 1169/2011 annex II                                                                                                                                                                                                                                                                                                                                               | Present as an ingredient in product |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|
| Cereals containing gluten (i.e. wheat, barley, oats, spelt, kamut or their hybridized strains) and products thereof                                                                                                                                                                                                                                                                                    | No                                  |
| Crustaceans and products thereof                                                                                                                                                                                                                                                                                                                                                                       | No                                  |
| Eggs and products thereof                                                                                                                                                                                                                                                                                                                                                                              | No                                  |
| Fish and products thereof                                                                                                                                                                                                                                                                                                                                                                              | No                                  |
| Peanuts and products thereof                                                                                                                                                                                                                                                                                                                                                                           | No                                  |
| Soybeans and products thereof                                                                                                                                                                                                                                                                                                                                                                          | No                                  |
| Milk and products thereof (incl. lactose)                                                                                                                                                                                                                                                                                                                                                              | No                                  |
| Nuts i.e. Almond ( <i>Amygdalus communis</i> L.), Hazelnut ( <i>Corylus avellana</i> ), Walnut ( <i>Juglans regia</i> ), Cashew ( <i>Anacardium occidentale</i> ), Pecan nut ( <i>Carya illinoensis</i> (Wangenh.) K. Koch), Brazil nut ( <i>Bertholletia excelsa</i> ), Pistachio nut ( <i>Pistacia vera</i> ), Macademia nut and Queensland nut ( <i>Macademia ternifolia</i> ) and products thereof | No                                  |
| Celery and products thereof                                                                                                                                                                                                                                                                                                                                                                            | No                                  |
| Mustard and products thereof                                                                                                                                                                                                                                                                                                                                                                           | No                                  |
| Sesame seeds and products thereof                                                                                                                                                                                                                                                                                                                                                                      | No                                  |
| Sulphur dioxide and sulphites at concentrations of more than 10 mg/kg or 10 mg/litre expressed as SO <sub>2</sub>                                                                                                                                                                                                                                                                                      | No                                  |
| Lupin and products thereof                                                                                                                                                                                                                                                                                                                                                                             | No                                  |
| Molluscs and products thereof                                                                                                                                                                                                                                                                                                                                                                          | No                                  |

## 9. Composition

See "4. Ingredients and labelling instructions"

## 10. Ingredients with possible limitations

Preservative (0.18% E 202), colour (0.34% E 124)

## 11. Components of interest

| Substance                   | Unit       |
|-----------------------------|------------|
| Propylene glycol (E 1520)   | 7320 mg/kg |
| Glycery triacetate (E 1518) | 388 mg/kg  |
| Triethyl citrate (E 1505)   | 1445 mg/kg |

## 12. COA

Available on request.

## 13. Legal references

This product is for food and has to be used in limited quantities.

The product fully complies with current EU food regulations.

The packaging fully complies with current EU food packaging material regulations.

## 14. Foreign object prevention

The product is sieved at max. 2 mm.

## 15. GMO

The product is not classified as a GMO according to Regulation (EC) 1829/2003 and is not in scope of Regulation (EC) 1830/2003.

## 16. Irradiation

Not radiated according to current EU legislation.

## 17. Other comments

Custom Tariff number: 21069098

## 18. Limited Warranty PLEASE READ CAREFULLY

- The information herein is offered in good faith. It is believed to be accurate at the time of shipment.
- It should not be used as a substitute for the customer's test, the customer bears the responsibility to ensure that the product matches the intended application is safe and achieves the desired benefits.
- The product warranty is limited to the refund value of the purchase or the replacement only when it is demonstrated that the product is out of the agreed sales specifications.
