This product information has been edited and checked carefully and corresponds to the relevant EU food legislation at this moment. It is valid for one year from the date of transmission 01/12/2024, if not withdrawn earlier because of relevant changes.

| Microbiological parameters | Limits | Method |
|---|---|---|
| Aerobic mesophilic count bacteria | max. 1,000 CFU/g | ISO 4833 |
| Aerobic mesophilic count moulds and yeasts | max. 100 CFU/g | ISO 7954 |
| Coliforms | max. 10 CFU/g | ISO 10172 |

**TSE statement**

We hereby declare that we only use the following raw materials of animal origin for the manufacture of our product specified above:

- none

These raw materials do not belong to the risk material and are not suspected of transmitting TSE.

This product information has been edited and checked carefully and corresponds to the relevant EU food legislation at this moment. It is valid for one year from the date of transmission 01/12/2024, if not withdrawn earlier because of relevant changes.

| Allergens | Part of the recipe | As trace declared in raw material | Present in plant, only for information | Processed in the same line/area, possible cross contamination in production |
|---|---|---|---|---|
| Cereals containing gluten and products thereof | No | No | Yes, wheat, barley | No |
| Crustaceans and products thereof | No | No | No | No |
| Eggs and products thereof | No | No | No | No |
| Fish and products thereof | No | No | No | No |
| Peanuts and products thereof | No | No | No | No |
| Soybeans and products thereof | No | No | Yes | No |
| Milk and products thereof (including lactose) | No | No | Yes | No |
| Nuts and products thereof | No | No | No | No |
| Celery and products thereof | No | No | No | No |
| Mustard and products thereof | No | No | No | No |
| Sesame seeds and products thereof | No | No | No | No |
| Sulphur dioxide and sulphites (more than 10 mg/kg) | No | No | Yes | No |
| Lupine and products thereof | No | No | No | No |
| Molluscs and products thereof | No | No | No | No |

Our customer is responsible for the labelling of allergens in the final product. This information provides the necessary data for decision. We do not guarantee for the absence of unknown traces of these or other allergens.

This product information has been edited and checked carefully and corresponds to the relevant EU food legislation at this moment. It is valid for one year from the date of transmission 01/12/2024, if not withdrawn earlier because of relevant changes.

| **GMO statement** |
|---|
| Herewith we confirm that the above mentioned product is not subject to GMO-labelling according to EU regulations 1829/2003 and 1830/2003.<br>The included maize starch is derived from identity preserved non-GMO maize and handled separately from GMO sorts. According to this the maize starch is PCR negative which is proven by the supplier's certificate for each purchased batch. |

| **Primary packaging material** |
|---|
| Herewith we confirm for the above mentioned item that the used primary packaging material fulfills the requirements of the European Regulation (EC) no. 1935/2004, (EC) no. 2023/2006, (EU) no. 10/2011, (EU) no. 2023/1442 and (EU) no. 2023/1627 of plastic materials and articles intended to come into contact with food. This declaration is based on statements of our suppliers, own microbiological examinations and on a random basis external laboratory tests for migration and residues. |

This product information has been edited and checked carefully and corresponds to the relevant EU food legislation at this moment. It is valid for one year from the date of transmission 01/12/2024, if not withdrawn earlier because of relevant changes.

| **Shelf life / storage conditions** |
|---|
| Minimum shelf life: 18 months<br>at 15 - 25 °C / max. 65 % r.h. |
